

Advanced Post Editor

A next-generation content creation platform powered by AI, built for the Sports Mockery team.

Powered by Claude AI

Powerful AI Features

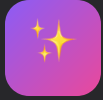

AI Headline Generator

Generate 5 attention-grabbing headline alternatives instantly. The AI understands sports journalism, SEO, and the Sports Mockery brand voice.

SEO Optimizer

One-click analysis that provides optimized titles, meta descriptions, focus keywords, and specific improvement recommendations.

Mockery Polish

Transform any content with the signature Sports Mockery voice. Add wit, sharpen hot takes, and maintain consistent brand personality.

Idea Generator

Stuck on what to write? Generate article ideas based on category, team, and current trends. Includes headlines and angle descriptions.

Auto-Excerpt

Generate compelling article summaries automatically for social media previews, search snippets, and newsletter teasers.

Voice-to-Text

Dictate articles hands-free with Web Speech API. Insert raw transcripts or let AI polish them automatically.

The Mockery Score

A proprietary AI rating that measures how well content matches the Sports Mockery brand. Ensure consistent voice and quality across all articles.

85+

Peak Sports Mockery Energy
